

## Superior Court of Mendocino County Traffic Division

Ukiah: (707)463-4482  
Willits: (707)459-5554  
Fort Bragg: (707)964-3192

Mendocino County approves home study traffic school programs that provide for Proctored Testing. This means that the defendant completes the program material at home, and then must take the final exam at a testing site that is prearranged and approved by the school. The following schools are all court approved, but none are affiliated with the court and the court does not recommend one school over another. This list is in no particular order, and the programs may differ somewhat in course format, cost, and testing locations. We suggest that the defendant research the schools to find the program that best meets their needs. Also, it is a good idea to call ahead to the testing site to see if an appointment is necessary.

*\*Note: All companies also offer their home study traffic school programs in Spanish. To apply, log onto the web site(s) or call the listed toll free numbers. If you represent a traffic school not listed here and would like your school listed, please call the Ukiah Traffic Division at (707)463-4482 to learn how to list your school.*
